

Cleaning cloth face coverings

Cloth face coverings should be washed after each use.
Always wash your hands after touching a used face covering.
Damaged face coverings should be thrown out and replaced.

Use a washing machine

- Place directly into washing machine with other items
- Wash hands after putting it into washing machine
- Use laundry detergent
- Wash on hot cycle
- Once washed place in dryer
- Use highest heat setting until completely dry
- OR lay flat until face covering is completely dry
